Game Notes.....For the second straight game, a Bison hit for the cycle. James Arredondo followed Cory Burrall's opening day cycle with one of his own....the expansion era is suiting the Bisons well as 4 players have already reached double digits in hits after just two games....Matt Norian, Mike Clements and Ben Gunther all made their 2012 debuts....no umpires showed for the game but both teams were on their best behavior....Paul Lamarre brought a cooler with ice but no beer...good job Lamarre....Scott Brown did rescue thirsty Bisons by calling a friend who was kind enough to provide the frosties...Arredondo's homer was his second of the young season....Arredondo, Miller and Brown all had 4 hits apiece for the Bisons....the Bisons will next play on this Monday night at Smith against the Greenway, another new MSEL entry for the 2012 season
