

Seattle Yarn Gallery
5633 California Avenue SW
Seattle, WA 98136
206-935-2010
www.seattleyarn.com
yarn_gallery@yahoo.com

This list is provided to you, our customers, for use in planning your projects.

Yarns included in this list are yarns that the Seattle Yarn Gallery has or has recently carried, and are listed in alphabetical order, each including the basic information from each yarn's label. Where possible, estimated gauges have been listed where none may have provided otherwise. The "A" means add-in yarn, and will not affect the gauge of your main working yarns. Materials abbreviations should become obvious as you move through the table. The accuracy of this information is also limited to the capabilities of the computer in copying and placing large quantities of information accurately, so if something looks odd or out of place, it probably is...and we'll be happy to find out more for you to get you the answer you need. Human error can also be a factor, so be forgiving and keep your eyes open.

Your actual gauge will depend on your personal style of work and the intended use of the yarn.

If you would like to order any of these yarns by phone or e-mail, please check for pricing and availability.

(This list updated June 5, 2004, and is subject to change without notice.)
