

We'd like to say 'Thanks!'

When Italian Delight-Futenma opened last April, we felt that we had a good product to offer. After all, our family has been creating great Italian food back in Boston for years.

We were pretty sure that you'd go for our Old-fashioned Lasagna & Eggplant Parmesan. Or the homemade, creamy cheesecakes and the noodles for our Manacotti & Cannelloni. We thought you'd go for the 'thick-on-the-edges', 'thin-in-the-center' foldable, New York Style PIZZA. The kind that's loaded with imported European Mozzarella and perfectly spiced tomato sauce. Covered with a basketful of toppings, including Okinawa's only authentic homemade Italian Sausage. Made right on the premises, fresh.

Years ago, Mama taught us that homemade is best, and . . . nobody knows Italian cooking like Mama. The only thing we didn't count on was how starved you apparently were for REAL Italian food. You've made Italian Delight-Futenma so successful that now- only a year after we started - we're opening our SECOND STORE in Okinawa City.

Italian Delight-Koza is only a few steps off Gate Two Street & less than a few minutes walk from the Kadena USO. It's larger than our Futenma shop, so we'll be serving even more delicious treats. Also, you'll find PIZZA-by-the-SLICE & a full line of Italian Subs at our take-out window.

Delivery service is available in the Okinawa City area (sorry . . . not on base) from 4 p.m. daily & Futenma on Friday/Saturday. Watch for our opening after May 1st. Thanks again for letting us serve you and keep us in mind when you get a craving for real Italian food.
