

ABSTRACTS 2003-2005

1. Preisman S, Kogan S, Berkenstadt H, Perel A.

Predicting fluid responsiveness in cardiac surgical patients: functional hemodynamic parameters versus cardiac preload indicators.

Anesthesiology 2003; 99: A241.

2. Preisman S, Mishali D, Keidan I, Perel A.

Port Access cardiac surgery in a pediatric population is a valid option.

Anesthesiology 2003; 99: A1391.

3. Berkenstadt H, Ziv A, Dach R, Gafni N, Sidi A.:

The process of incorporating simulation based competency assessment into the Israeli national board examination in anesthesiology.

4th International Meeting on Medical Simulation. Albuquerque, New Mexico, January 2004.

4. Ziv A, Yohanes T, Banita S, Barsuk D, Vardi A, Levin I, Berkenstadt H.

The Israel Center for Medical Simulation Model and National Role in Israel's Emergency Preparedness.

The "Shoresh" & Biomedical Meetings. Herzelia, Israel, 2003.

5. Berkenstadt H., Ziv A, Dach R, Lieberman N, Eidelman L, Geva D, Fredman B, Sidi A.:

Initial experience in incorporating advance simulation to the Israeli national board examination in anesthesia – the examinees' perspective.

4th International Meeting on Medical Simulation. Albuquerque, New Mexico, January 2004

6. Avner Sidi, Amitai Ziv, Haim Berkenstadt :

The Process of Incorporating Simulation to the Israeli National Board Examination in Anesthesiology – from Preliminary to Obligatory Program.

4th International Meeting on Medical Simulation. Albuquerque, New Mexico, January 2004

7. Sheick-Yousif B, Kassif Y, Sternik L, Shinfeld A, Smolinsky A, Coman V, Preisman S et al.

11 years experience with heart transplantation at the Sheba Medical Center.

Abstracts of 51st Annual Conference of The Israeli Heart Society together with The Israel Society of Cardiothoracic Surgery, 2004.

8. Lavee J, Kassif Y, Sternik L, Freimark D, Har zahav Y, Shapiro H, Coman V, Preisman S, Smolinsky A.

Left ventricular assist device as bridge to heart transplantation in cardiogenic shock or terminal congestive heart failure- the Sheba Medical Center experience.

Abstracts of 51st Annual Conference of The Israeli Heart Society together with The Israel Society of Cardiothoracic Surgery, 2004.

9. Sheick- Yousif B, Preisman S, Shinfeld A, Sternik L, Lavee J, Smolinsky A.

Total aortic arch replacement in surgery of acute type A aortic dissection.

Abstracts of 51st Annual Conference of The Israeli Heart Society together with The Israel Society of Cardiothoracic Surgery, 2004.

10. Sternik L, Preisman S, Shinfeld A et al.

Minimal invasive aortic valve surgery for morbid obesity and severe COPD patients.

Abstracts of 51st Annual Conference of The Israeli Heart Society together with The Israel Society of Cardiothoracic Surgery, 2004.

11. Kachel E, Shinfeld A, Lavee J, Preisman S, Smolinsky A.

Minimally invasive heart surgery using Port Access technique in very high risk patients.

Abstracts of 51st Annual Conference of The Israeli Heart Society together with The Israel Society of Cardiothoracic Surgery, 2004.

12. Sternik L, Preisman S, Shinfeld A, Moshkovitz Y, Sheich-Yosef B, Smolinsky A.

Minimally invasive aortic valve surgery for minimal morbidity in morbid obesity/severe COPD patients.

ISMICS 7th Annual Meeting. 2004. Abstracts. P68

13. Smolinsky A, Preisman S, Sternik L, Shinfeld A.

Coronary sinus tears by retrograde cardioplegia catheter during right thoracotomy MICS- Technique for repair without conversion.

ISMICS 7th Annual Meeting. 2004. Abstracts. P75.

14. Berkenstadt H.

Training anaesthetists to treat victims of toxicological warfare.

World Congress of Anaesthesiologists, Paris, April 17-23, 2004.

14. Berkenstadt H.

Use of anaesthesia simulators for the evaluation of trainees.

Euro anesthesia 2004, Lisbon, Portugal, 5-8 June 2004.

15. Berkenstadt H.

Use of simulators for testing and evaluation.

International Meeting on Medical Simulation, January 2005, Miami, Florida.

16. Berkenstadt H.

Use of anaesthesia simulators for evaluation.

Euro anesthesia 2005, Vienna, Austria, 2005

18. Ziv A, Yohanes T, Banita S, Bentancur A, Barsuk D, Vardi A, Levin I,
Berkenstadt H.

Simulation-based large-scale emergency preparedness training programs –
the national role of the Israel Center for Medical Simulation.

Association for Medical Education in Europe (AMEE), London, UK, 2003.

19. Yusim Y, Berkenstadt H, Ziv A, Livingstone D, Katzenelson R,
Perel A.

A point-of-care information system improves residents decision-making
in simulated anesthesia scenarios.

Euroanaesthesia, Glasgow, Scotland 2003.

Euro J Anaesth 2003;20:Suppl 30, A 22.

20. Berkenstadt H, Hadani M, Nahtomi O, Harnof S, Perel
A novel thermoregulatory system for intraoperative mild hypothermia
and rewarming in patients undergoing cerebral aneurysm clipping.
Anesthesiology 2003; 99: A269.
21. Berkenstadt H, Yusim Y, Ziv A, Livingstone D, Perel A.
A point of care information system reduce the incidence of potentially
life threatening mistakes in simulated anesthesia scenarios.
Anesthesiology 2003; 99: A1353.
22. Lieberman N, Hakim AR, Berkenstadt H.
Trueview^R blade improves laryngeal view when compared to
Macintosh blade.
Anesthesiology 2003; 99: A565.
23. Preisman S, Kogan S, Berkenstadt H, Perel A.
Predicting fluid responsiveness in cardiac surgical patients: functional
hemodynamic versus cardiac preload indicators.
Anesthesiology 2003; 99: A241.
24. Ziv A, Berkenstadt H.
National comprehensive interdisciplinary, multimodality, medical
simulation center: the Israeli model and experience.
4th International Meeting on Medical Simulation. Albuquerque, New
Mexico, January 2004.
25. Berkenstadt H, Ziv A, Dach R, Gafni N, Sidi A.

The process of incorporating simulation based competency assessment into the Israeli national board examination in anesthesiology. 4th International Meeting on Medical Simulation. Albuquerque, New Mexico, January 2004.

27. Sidi A, Ziv A, Dach R, Berkenstadt H.
Initial Experience in Incorporating Advanced Simulation to the Israeli National Board Examination –
The Examinees Perspective. IARS 78th Clinical and Scientific Congress. Tampa, Florida, March 2004.

28. Berkenstadt H, Ziv A, Yusim Y, Keidan I, Perel A .
Simulation-based evaluation of a point-of-care information system for anesthesiologists while managing pediatric cardiac dysrhythmias
ASA 2004 Annual Meeting, October 23-27, 2004, Las Vegas, Nevada

29. Sidi A, Ziv A, Berkenstadt H.
The Process of Incorporating Simulation to the Israeli National Board Examination in Anesthesiology – from Preliminary to Obligatory Program.
ASA 2004 Annual Meeting, October 23-27, 2004, Las Vegas, Nevada

30. Mishaly D, Paz Y, Raanani E, Preisman S.
Esthetical consideration in congenital heart surgery: open heart surgery through a minimal right thoracotomy in children.
ISMICS 7th Annual Meeting. 2004. Abstracts. P103.

31. Using the Simulator as a Training Device treating casualties of Weapons-of-Mass-Destruction, and for National Board Exams, in Israel.

Simulator-Group and ICU meeting, University of Florida, Gainesville, August 2003.

32. Case Discussion: Malpractice in Anesthesia for Dental Procedure with Cohen Syndrome. Conference of Medical Malpractice, Committees of Medical Practice, Ministry of Health, Office of Legal Advisor, Chief-Prosecutor Office, Jerusalem, Israel, December 11th, 2003.

33. Initial experience in incorporating advance simulation to the Israeli national board examination in anesthesia – the examinees' perspective. (March 28th). 78th Clinical and Scientific Congress. International Anesthesia Research Society, Tampa, Florida, March 27-31, 2004.

34. The Process of Incorporating Simulation to the Israeli National Board Examination in Anesthesiology – from Preliminary to Obligatory Program. (October 26). 2004 Annual Meeting. American Society of Anesthesiologists, Las Vegas, Nevada, October 23-27, 2004.

35 Perel A:

Time to measure extra-vascular water again?

23nd International Symposium on Intensive Care and Emergency Medicine, Brussels, March, 2003

36. Perel A:

Arterial waveform analysis

23nd International Symposium on Intensive Care and Emergency Medicine, Brussels, March, 2003

37. Perel A:

The potential value of point-of-care information system for the anesthesiologist

Annual Meeting of the European Society of Anaesthesiologists, Glasgow, June 2003

38. Perel A:

The ESA's On-Line Electronic Help (OLEH) information system - presentation and demonstration

Annual Meeting of the European Society of Anaesthesiologists, Glasgow, June 2003

39. Perel A:

The Bedside measurement of extravascular lung water

Annual Meeting of the European Society of Anaesthesiologists, Glasgow, June 2003.

40. Perel A:

Point-of-care information system for anesthesiologists - a project of the European Society of anesthesiologists

Japanese Society of Anesthesiology Annual Meeting, Yokohama, Japan, May 2003.

41. Perel A:

Point-of-care information systems in anesthesia and intensive care
European Society of Computing and Technology in Anesthesia and Intensive care, Berlin, October 2003.

42. Perel A:
What information can I get from the arterial pressure waveform?
16th annual meeting of the European Society of Intensive care Medicine,
Amsterdam, October 2003.
43. Perel A:
Lung water guided therapy to avoid pulmonary edema.
16th annual meeting of the European Society of Intensive care Medicine,
Amsterdam, October 2003.
44. Perel A:
Hemodynamic monitoring by the transpulmonary thermodilution method
International Meeting of Anesthesiology and Intensive Care, Oporto,
Portugal, October 2003.
45. Perel A:
Hemodynamic evaluation of ventilated patients by arterial pressure
waveform analysis.
International Meeting of Anesthesiology and Intensive Care, Oporto,
Portugal, October 2003.
46. Perel A:
New technologies in anesthesiology: the ESA "On-Line Electronic Help"
project.
International Meeting of Anesthesiology and Intensive Care, Oporto,
Portugal, October 2003.

47. Perel A:
Interet de la mesure de l'eau pulmonaire.
XXXIle Congres de la Societe de Reanimation de langue Francaise, Paris,
21-23 January, 2004.
48. Perel A:
SPV, SVV, PPV – temptations and pitfalls.
12th Winter Symposium on Intensive Care Medicine, 1-6 February 2004,
St Moritz.
49. Perel A:
Programming the ventilator to assess hemodynamics – the respiratory
systolic variation test.
12th Winter Symposium on Intensive Care Medicine, 1-6 February 2004,
St Moritz.
49. Perel A:
How can point-of-care information systems improve clinical practice?
12th Winter Symposium on Intensive Care Medicine, 1-6 February 2004,
St Moritz.
50. Perel A:
Pro-Con debate: Swan-Ganz catheter is better than the PiCCO.
12th Winter Symposium on Intensive Care Medicine, 1-6 February 2004,
St Moritz.
51. Perel A:
The PiCCO monitor – a comprehensive approach to advanced
hemodynamic monitoring.
12th Winter Symposium on Intensive Care Medicine, 1-6 February 2004,
St Moritz.

52. Perel A:

What is the clinical benefit of bedside measurement of extra-vascular lung water?

12th Winter Symposium on Intensive Care Medicine, 1-6 February 2004, St Moritz.

53. Perel A:

Functional hemodynamic monitoring in ventilated patients.

6th World Congress on Trauma, Shock, Inflammation and Sepsis, Munich, Germany, 2-6 March, 2004

54. Perel A:

Bedside measurement of extravascular lung water in the critically ill.

6th World Congress on Trauma, Shock, Inflammation and Sepsis, Munich, Germany, 2-6 March, 2004

55. Perel A:

Systolic arterial pressure variations during programmed positive-pressure ventilation.

Round Table Conference on Functional Hemodynamic Monitoring, Brussels, March 27-29, 2004

56. Perel A:

Arterial pressure waveforms – dynamic hemodynamics.

24th International Symposium on Intensive Care and Emergency Medicine, Brussels, March 30-April 2, 2004

57. Perel A:
Extra-vascular lung water.
24th International Symposium on Intensive Care and Emergency Medicine,
Brussels, March 30-April 2, 2004
58. Perel A:
How do I use my PiCCO?
24th International Symposium on Intensive Care and Emergency Medicine,
Brussels, March 30-April 2, 2004
59. Perel A:
Monitoring of airway and respiration in the non-intubated patient.
Euroanaesthesia, Lisbon, June 5-8, 2004
60. Perel A:
Why do we need advanced hemodynamic monitoring?
Euroanaesthesia, Lisbon, June 5-8, 2004
61. Perel A:
Use of automated anesthesia records – does it improve patient safety?
Euroanaesthesia, Lisbon, June 5-8, 2004
62. Perel A:
Applied hemodynamics at the bedside.
International Masterclass Symposium on Acute Circulatory Failure in the
ICU. 12-13 July 2004, Amsterdam.

63. Perel A:

Preload assessment.

International Masterclass Symposium on Acute Circulatory Failure in the ICU. 12-13 July 2004, Amsterdam.

64 Perel A:

Linking ventilator and monitor for hemodynamic assessment of ventilated patients.

15th Congress of the European Society for Computing and Technology in Anesthesia and Intensive Care (ESCTAIC), October 7-9, 2004, Toulouse, France.

65. Perel A:

On-line electronic help (OLEH) for anesthesiologists.

15th Congress of the European Society for Computing and Technology in Anesthesia and Intensive Care (ESCTAIC), October 7-9, 2004, Toulouse, France.

66. Perel A:

Decision support at the point-of-care.

International Conference on Ergonomics in Emergency Care, Operating Rooms and Intensive Care Units. February 23-24, 2005, Beer-Sheva, Israel.

67. Perel A:

How to solve therapeutic dilemmas by using the PiCCO monitor?

PiCCO Club Meeting during the 32nd Congress of the Japanese Society of Intensive Care

Medicine, 24-26th February, 2005, Tokyo, Japan.

68. S Brill

Endocrinologic influences of chronic opioid therapy

International Pain Forum, Sofia Bulgaria, May 2005
